Dear Doug:

WOW! Thank you for making Crossroads Conference the best yet. The annual Utah State Human Resource Conference started off with a bang due in large part to your fantastic presentation.

As I shared with you, we were truly at a crossroads with our state conference. I was charged with the undaunting task of revitalizing a sinking ship. You came through, and I owe a huge personal THANKS to you.

I asked for energy, and you came through. I asked for content, and you came through. Your presentation entitled; Expose the Illusions: Create the Magic, certainly set an energy level that was maintained throughout the entire conference.

I appreciate your contribution in making the Crossroads Conference a success.

Sincerely,

G. Kent Streuling  
Director - Crossroads Conference
